Hal---

Might be best to determine position of Dorothy Hunt's body on plane from your end.

Why don't you have one of your newshound friends see if he can't get a chart of body positions (2, for that matter, so I can have one).

Enclosing 2 pc's so you can forward one to WA scrivener.

Best,

A handwritten signature in dark ink, appearing to be the initials 'ED' or 'E.D.' with a long horizontal stroke extending to the right.
