BRADLEY LEAD

LOS ANGELES (AP) - The district attorney's office issued a fugitive complaint Tuesday against Edgar Eugene Bradley, 49, accused by New Orleans Dist. Atty. James Garrison of conspiring to kill President John F. Kennedy.

Sheriff Peter J. Pritchess said later that Bradley had agreed to surrender Wednesday. No warrant for his arrest was obtained when the complaint was filed in Municipal Court.

Bradley's lawyer, George Jensen, said Bradley will surrender in Municipal Court but will refuse to go to New Orleans.

"I will fight extradition tooth and nail," Jensen said. "I will not let him go to Louisiana."

In an unusual news conference Dist. Atty. Evelle J. Younger said the complaint-based on a warrant obtained by Garrison in New Orleans was a "simple procedural act to get this person into court."

Younger said, "This does not indicate on our part as to the validity of the charge or the guilt or innocence of Mr. Bradley."

Although Louisiana authorities urged a \$10,000 bond be set for Bradley, Younger said his office won't recommend any bond until the accused man appears in court.

The warrant "doesn't mention President Kennedy or any other alleged victim," the district attorney said.

He said the Louisiana warrant received by mail earlier Tuesday, requiring the arrest of Bradley on a charge of criminal conspiracy to commit murder, had been found valid on its face.

Issuing fugitive complaints in such circumstances is routine, Younger said.

URGENT

LOS ANGELES AP - The District Attorney's Office issued Tuesday a fugitive complaint charging Edgar Eugene Bradley, 49, with criminal conspiracy to commit murder in the 1963 assassination of President John F. Kennedy.

The complaint was issued on a Louisiana warrant obtained by Jim Garrison, New Orleans district attorney.

Dist. Atty. Evelle J. Younger's office said in a statement that the purpose of the complaint is to bring Bradley before Municipal Court, where the case can be continued not more than 30 days.

Earlier Tuesday, before the Sheriff's Office received the New Orleans warrant, Bradley said he would surrender to local authorities as soon as they "pick up a telephone and call me."

Pitchess said he anticipated this surrender will take place in Municipal Court "late in the morning of Dec. 27."

The warrant obtained by Garrison specifically charges Bradley with activities "relative to criminal conspiracy to commit murder." Bradley has denied any part in the assassination, which has been described by Garrison as a right wing plot. Garrison claims President Johnson and the FBI have been trying to undermine his investigation.

Bradley is the second man against whom Garrison has brought criminal charges related to the assassination. A New Orleans business man, Clay Shaw, was charged with complicity in the murder which the Warren Commission report attributed solely to Lee Harvey Oswald. Oswald, a former Marine, was slain while being removed from the Dallas city jail two days after the assassination.

Bradley, who lives in North Hollywood, has said he doesn't know anything about Garrison's investigation.

"This man Garrison is either being highly paid to do this or he's off his rocker," Bradley said. He says he is west coast representative of Dr. Carl McIntire, a New Jersey radio broadcaster.

Bradley has acknowledged that McIntire has been described as a right-wing broadcaster.

Meanwhile in New Orleans, Garrison said at a news conference Tuesday that the FBI learned five days ahead of time an attempt would be made to assassinate Kennedy, but the president was not warned.

He said he had evidence that Oswald was feeding all the information he could obtain about the assassination plans to the Federal Bureau of Investigation.

In Washington, the FBI declined comment on Garrison's statements.

The district attorney also continued his criticism of Johnson, saying his investigation had turned up "callous, knowing concealment of the truth by high agencies of the federal government, including the President of the United States."
