

### Julie Cancels

Julie Nixon Eisenhower canceled two trips this week because she wasn't feeling well, a White House spokesman said.

Yesterday, Mrs. Eisenhower was scheduled to address the American Hospital Association in Dallas; Wednesday she had planned a trip to St. Louis.

"She just didn't feel up to it," said Helen McCain Smith, First Lady Pat Nixon's press secretary, explaining that Mrs. Eisenhower has been on an exhausting schedule with her editorial position with Curtis Publishing Co. and her appearances defending President Nixon against impeachment.
