Calm About Nixon Urged by Goldwater

CHARLESTON, W. Va., June 4 (UPI)—Sen. Barry M. Goldwater (R-Ariz.) says people are going to have to calm down on the Watergate-related questions surrounding President Nixon.

Goldwater made his remarks to more than 400 persons Monday as he and 94 others were presented whimsical diplomas from the "University of Hard Knocks," an organization founded by the editor of a West Virginia weekly newspaper. Goldwater left the University of Arizona after one year.
