# Nightmare

## THE UNDERSIDE OF THE NIXON YEARS J. ANTHONY LUKAS

**"Wait no longer for the 'big book'  
on Watergate; it has arrived!"** —Houston Chronicle

"When my daughter is in college fifteen  
or twenty years from now and wants to  
know all the details of Watergate, I will hand  
her this book and say, **'It's all here.'**"  
—Chicago Tribune

"It's like a new story...gossipy,  
biographical, sometimes touched with  
wry humor." —Pittsburgh Press

**"One is compelled to  
experience it...Irresistible."** —The New York Times

"Reminds us just how effective the  
near-forgotten craft of straight reporting  
can be...*Nightmare* is the one  
Watergate book that any future writer  
on the subject will inevitably find himself  
turning to for references. Including,  
I'll venture, that fellow working on a book  
out at San Clemente." —Boston Globe

**"Step by step, inch by inch,  
quote by quote of the unmaking  
of a president."** —Hartford Courant

**"Brilliant."** —Cleveland Plain Dealer
