3/2- I seem to have mislaid two clips from yesterday's Post and may have mailed them to you this a.m. I clipped them in DC and pocketed. If I did, forget about the one to Bill Loeb, who has been a friend. I was going to needle him only. The other is on one Erdos who seems to have flipped into murder as a result of anti-communist fars. I think I'll save that as a case of what can happen and probably has more than we know. # This one I'd like back, pls. Thabks. H
