

Because of the nature of developments and their possible fluidity, I'll send things more often when I can and there is prospect of reaching you faster, as when no weekend intervenes. Five days I go to the post office in the a.m. and where I pick Lil up there is a 6:30 p.m. collection. I've sent the stuff on Congress because I anticipate they may hold up in their hidden outrage and because they should be concerned about being consigned to a scrapheap. Dirtydick has had to move too fast. When the McGees and Jacksons have to get on the record, you can imagine what is being said in the clock-rooms. How silent Spiro! CBSTV had a big deal on the grab for the Post's two TV licenses tonight, good sign. If your papers didn't say, WJXT dug the Carswell racism up. From what I heard quoted from Mansfield I suspect he was Dirtydicked into believing settlement is possible by Inauguration Day. HW 1/3/73

Howard phoned tonight. He is coming the 8th & will stay thru the week, probably leaving mid-day 13 to do things at home before school opens. He has organized in his own mind what he wants to go over here, which files, etc., and having present an intensive year of history studies from TR on, concentrating on post World War II, there is much he wants to talk about, including getting me onto TIGER and as long as I always do and as much detail while I say short. Switch, huh? Is there anything you would like me to ask him, like what files is he keeping? He works hard and long, but I think that he'd be interested in some of your interests and might be willing to get things from Univ. Penna. library, where I suspect he is often. HW 1/3/73 JAN 4 1973
