Brodie Paul, other dope clips 1/6/73: Certain of supplying KMT Burmese in dope business by KMT and official sanction there as wisswhere SEAsia because they helped fight "reds". McCoy and Congressional sources place % market from there near 75%. One of the possibilities a downplay of the realities? Ain't all that bad, etc. At least one of the TV nets had a special on this, with on-the-scene clandestine film and film permitted to be taken. Came been rising steadily, so the Turkish market really represents the increase in use, for As I keep a corner of the eye on this, it appears that the clamp on importation has had methadone seems to have taken the place with some. I don't suppose there is any precise whom. No word from Pearl, by the way. HW 1/11/73

Thanks for 1/7 note on wok. To coin a phrase, it will have to be back burner here for a while if charceal burner won't work. Lil has never had any real interest in Chinese cookery, although she has always relished the food. When we were young we used to go to a nearby Chinese restaurant so Chinese we had trouble ordering new things. Also glad to learn a wee mite more about how they do. Meanwhile, I had fun with "esar today, asking him how the fend shui were from Nashville. Stopped him for a while until I spelled out the feng and told him the procunciation and asked what the yell kind of Chineman he was anyway. He enjoyed, as he will the Hoppe, which Howard has .
