

Js. The temptations of an April day in January are the reason there are no WG clips enclosed. I went out and took down and then worked up for the fireplace three pines killed by honey-suckle. Tired a bit but feels good. Anyway, I'd expected to clip the first Post and let the second wait for reading and for Lil, but I forgot and marked up the first as I read it. So, in order for there to be a paper for Lil to read when she comes home, I'll not clip until later and will send tomorrow...Read Rugaber's story in today's Times and welcome their JAN 16 1973 acknowledgement of who Hunt really is, if they had to lie at first and then wait until after it lost its meaning. If you read it carefully, you'll see my analysis was right on the button with his and Barker's roles....From incomplete radio reports I heard while chopping, it seems like Alch is taking up where the crooks left off and where the Creeps came in, with further defamations, ...Admiral Souers, first CIA head, just died at 80. He was on the board of a New Orleans corp. If the obit in the S-I says, might be interesting. If they obit.... Balt. Sun VN coverage separately. The P. 1 part cut off duplicates. Haven't read the rest. Their staffers' pieces...Also separately, so you won't miss a titillating tidbit if she gets edited in syndication, is today's Cheshire column on The Hoard Papers. I'm astounded that any magazine would take a writers work and steal it, which is what Washingtonian is doing, no matter how they got it. Or that Stein is so stupid not to copyright a xerox copy. If he had magazine experience, he should know what an ashean edition is. Howar created quote a sensation by insisting on having a child out of edlock when she learned she was pregnant, as I recall the story...I've not kept up with the new VN deal and don't think we can until we see the fine print. Radio reports today repeat early a.m.'s. Timing remarkable! ...Karnow is not appearing in Post. NBC quotes him from Hanoi this a.m. Maybe he's switched. ...Some of clips included here instead T because there is space and weight...If your papers didn't carry, enclosing UPI from Phila on Lincoln is Now Subversive (anti-war) is in Nixon inauguration music. Got big TV play here...Did you read Alsop yesterday closely?...Kraft today edges a bit toward what I've been calling Authoritarianism.....With the trappings of royalty yet (Your Don Bacon 1/11, The Nixon Firings). They've instotutionalized everything ...Chron Essex clips includes what Post did not report. Thanks. Mysteries. HW 1/16/73
