

I've been living with the incredible so long I've started doing it! This evening, needing some files for direct quotes, I couldn't find them. Anywhere. And I spent about three hours in the search. JUL 23 1973

I'd done just about all the pieces and sections I wanted to do before forgetting what I had in mind, then went back to the beginning, an earlier snippet-reminder and started what I'd hoped would be the writing from the first.

The direct quotes I wanted are almost all in Baldwin's testimony. I wanted but wrote without the account of the cops of the actual arrest. What I wanted to use in Baldwin's words is <sup>6/4</sup> his observation of the cops at the WG and his account of Hunt and Liddy's flight and Hunt's coming to his room. I can't find the Baldwin testimony or that of the cops. In fact, I find different spelling of the cops' names in what I have. Leper seems wrong, as does Barret, the way the one Post clip I have spells them.

If it is not too much trouble, I'd very much appreciate just Baldwin's testimony on the appearance of the cops to Hunt's flight down the hall, with Baldwin surmising his trip to Miami was off. NOT all of it. This only Don't take the time to look for that of the cops, but if in looking for this you ~~miss~~ see it (I don't know how you file, but it has to be better than I do!), aside from their account of the arrest, the spelling of the names, I'd like to know which were hairy.

I don't know how I manage to do these things and I'm reasonably certain we have had no gremlin visitors lately. Aside from feeling ashamed, it depresses. And what time it wastes! I went through every file in which I believed it was possible to misfile. Should I find this testimony, I'll let you know immediately.

The testimony this week should have content requiring close attention, so there will be little time for writing. With Congress scheduled to adjourn 8/3, I don't know if old Sam is going to give me a wedding-anniversary present or not. The only testimony for which I am really anxious is Hunt's, and how he ain't in such good shape.

Sorry to bother you with this favor. I am so well aware it is the kind of thing that should never happen!

Best, HW 7/22/73
