

Thanks much for the Moos, NYTimes 6/8  
Surprised HR didn't spot it. It has  
more of use than the quote I wanted.  
I'd heard on radio, not seen in Wx  
Post. Also keeps me from looking up  
the Eisenhower and says something I  
want to say and the Germans want me  
to go into on secrecy well and  
quotably because he is GOP.

Je, I asked Lesar to return my VVAW file (from The  
Informers) so I could put enough together to use on  
what the FBI really did when GL said they did nothing.  
Typically, he found only part. That includes your  
7/20/72, which, despite your ?s about your recol-  
lection is precisely accurate. I also have some of  
what the VVAW later said, if Lesar finds. I don't  
now really need. Frank Donner has a complete enuf  
piece in current Harpers. Lemmer really id psychotic.  
That is what the FBI played on, exploited. VVAW has  
been getting a little electronic-news attention in  
east. Case should ne thrown out. HW 6/21/73

owardhas sent me the Times text of the Huston police-  
tate plans and the relevant stories of that day,

Ed Williams, who reads as fast as I turn pages, phoned  
last night to say he has read Executive Action. It is as  
I anticipated, the worst of Garrison added to Farewell  
America. He says it is professionally done. Credits to  
Garrison, Salandria, Mae, Jaffe that I recall - all who  
have hurt only, which is in its own way appropriate.

The stamps you have been sending are JUN 21 1973  
among those that made happy two kids who  
got them over the weekend, 8 and 13. I was  
reminded of this in more pre-dawn cleaning  
up, when I found a nut letter from England  
(a year old!) with a stamp I'd never seen.  
...Note drastically reduced WG space in  
today's Post. I finished in hour. I think it  
is defensive. There was more legit news. They  
seem to have a policy of heavier treatment  
when there is breaking news, so they can seem  
to be not "crusading", not overweighted. Or,  
the counter-campaign is working. Monday's  
NYTimes, which I got in NYC (late edition)  
had on 4 story HW 6/20/73

Down to the last of the last batch from HR. It  
includes the NYTimes 6/8 excerpts from Haldeman's  
House testimony. HW 6/21/73 W

I've won the first stages of the Outer-  
bridge battle. Dutton is prepaid shipping  
the remaining remainders, about 2,000  
copies, plus unbound printed sheets plus  
covers. Verbal confirmation 19, now in  
writing. Once I get them I have to try to  
sell. Best chances past. I'm also to get  
the gross from the sale of "my" copies,  
maybe \$300.00, not confirmed recently but  
agreed to on my May trip to NYC...My  
waiter/researcher has just reported that  
the Wilkinson Littauer seems not to be  
related to the foundation Littauer. I've  
asked him to state contemporary Authors on  
Leigh James. "e'll do it before begin-  
ning his evening of slinging lasagnas. He  
will bring in 10 days...my notion of the  
recent leaks is that GL triggered, mean'  
he's worried. HW 6/22/73
