

That "Hoppe! (The Great Steak Robbery) He is sumpin else:
Who else could ever think of such things? Imagine the potential if he'd done
a longer piece. Sal Ami, Bo Logni, "Pink" Champagne, "Red" Wein, Blackie
Angus, "Goats" Chevreau (no more obscure than ~~MaXe~~ Mae Onassis, which took
stupid me a second look to understand as Mae O'Naise), Leader Krantz,
"Sonny" Seid, and Go knows what (who) else. We enjoyed much. A hoppe knows
when to stop. Sending to HR. Howard, that Knotorious "Algerian terrorist,
Keesh Lurrain" is what was more like Ahm Lett when you first tried to
duplicate "il's. If it seems French in origin and may be, I'm not inter-
rupting Lil to ask her, the first I ever tasted that I can recall was in a
Lebanese restaurant. HW 3/16/73
