Young man named Zack, Rm. 402, AFL-CIO Bldg, deprt p.r., says that while AFL-CIO is making to forma opposition to Ford nomination, they are not trying hard because there is a deal on the Hill that Ford's confirmation is quid pro quo for a crack at impeaching Nixon. I did not understand this to mean that Nixon would be impeached. Only that the effort would be possible. Apparently there is the strugth to prevent, it is felt, if Ford is not confirmed first. Wallace people two sources, levels, believe assassination attempt was by Nixon. One of four months ago was from a high member of Wallace's staff, to Jim Lesar's father on a plane trip when they sat near each other. Zakk, AFL-CIO p.r. dept. quotes Wallace labor people as believing that Bremer had a Plumbers connection. Their areas of doubt coincide with the prevalent, no financial explanations, etc. HW 11/27/73
