

Je's note that Coopers & Lybrand is also auditing for Air America and Southern Air Transport (NYT 8/30/73, "CIA Is Reported Trying To Sell Interest in Airline," by David Binder, reminds me I have not yet heard from Howard. If it is not too much trouble, I'd appreciate a copy for this would make a provocative footnote on the property "explanation." HR was due back almost 3 weeks ago, as I recall. Thanks HW 9/17/73
