

JDW:Enclosed and earlier I have  
what to me are indications of a  
pettern of a) expectation that it  
will all come apart or be helped  
in this and b) blaming Kennedys,  
emocrats and liberals. Your  
opinion, insofar as this can make  
sense to you, earnestly sought.  
You can't know. But do my fears  
seem to you to have basis?
