

Relet 23: Dedicated kids! I told them to send 4cl educ material and instead of putting the xeroes in the mail they talked to an uninformed clerk. The boy used his girl friend as a messenger and she was unaware that it could go 4cl. I hope it is sent correctly this time. I suppose it is in the mail already. I'll pay him/her/them back when I see them...PM text growing worryingly. I'm including what JL regards as an appropriate RFK chapter that can have impact there now. Finished before daylight, now reading. Mostly quotes from secret transcript of which I wrote Bill Dick, I think copy enclosed.
