

Virginio Gonzlaez affidavit, KPFA 5/30/75

Glad to get Paz Cohen's account. This is the Kevin story of which I wrote you earlier. I've been helping with devil's advocacy on several. She has added to the story in several ways but apparently has not learned that Kevin is the source and the affidavit is part of Meier's legal battled. It is filed in Vegas. Greenspun covered and I suppose followed up. Kevin is at MMPC, LA, is you want to let Pacifica there know. He' probably be glad to work with them if they have people where his do not. He and I both have questions about the authenticity of the affidavit, suspecting Meier who Art says keeps incredibly copious records from which he could have added the apparently persuasive details. Her account of the affidavit is accurate...The closeness of Virginio to Virgilio makes me wonder abouta pixie. ...The MP is Douglas...If the affidavit is for real it is something. Thanks HW 6/6/75
