Dear Harold:

Just a note to go off with the enclosed (all of which should be new versions to you, I hope).

Thanks very much for the 1/22/64 transcript, which came today.

In the same mailing (June 12) I note references to Eason.. In case you aren't aware of it, he left on vacation this week, for two or three weeks, I believe. Driving his family back to whichever of the Carolinas he comes from. So if he seems just to blank out on you, that would be why.

Best,

jdw
