

HW:

-- Yr."8/8/76 SWP suit vs government; NY Times clips," we have been able to find nothing locally that is clearly identifiable as Cointelpro activity, although without question it must have been extensive.

Specifically, nothing yet involving UC Berkeley or SF State. We'll watch.

Meanwhile attached is a file on one Jerome Ducote, who may have been merely a rightwing nut trying to attach himself to something like Cointelpro, but on the other hand the nature of his targets make it impossible to rule out any formal attachment.

We've not sent earlier because of doubts. However, here's what we have on him. Look it over, copy if you like, and return at your convenience, please.
