

Newsday-King-Invaders: second story  
not written. Reporter got flu. Now  
trying to hold paper back to week-  
end in hope of developing more on a  
fantastic but I'm sure truthful  
story he got from one to whom I ~~directed~~  
directed him. Just heard, so it does  
not mean not carried. Meanwhile, he  
is beginning to hear from other  
likely suspects, who phoned pronto,  
as I'd expected and for which I've  
made what Memphis preparations are  
possible. HW 2/3/76 FEB 6 1976
