

Dear Jim, Separately there will be a third-class mailing, including the entire Sunday Outlook section. Except for the ed and oped pages it is 100¢ on the Post's strike. I have not read it and don't know if it interests you. If it does not, please clip and return the Anderson column. If it does, do not bother to clip or copy. It is not worth enough to me to take that time for you...Little else new. As enclosures will indicate I have been busybeavering more federal in-court crookedness, a task temporarily part - until Lesar decides what he wants in the kind of affidavit on which he'll also decide...Last week I learned that the special supports I wear, in the form of leotards, are wrongly made. They are being replaced at no cost. However, ill fitting as they are and great nuisance that they also are, wearing them coincides with an enormous reduction in the occasional and annoying discomforts. Or, they are good. But it always takes 10 minutes, sometimes more, to put them on. They are not pantyhose. They are tough, non-absorbent artificial fibre of some kind. ...I'm hearing with some regularity from one who may be a victim of CIA mind and chemical toying. Among the details he has supplied, in case you see reference to any, are the cryptograms MK Ultra, MK Search and MK Naomi. He says it goes back to the 50s. Best, HW 3/1/76
