

JDW:Don't know if any of the CIA stuff referred to in my enclosed letter to Mike is of any interest to you but if it is just say or say which you'd guess.

This has to relate to my Olson-related requests. If so it can't be anything like complete but as of now there is little I can do about it.

The King stuff I'm into is of this nature - fantastic.

In fact I'm a thousand pages behind in going over the FBI stuff I have in hand. Be more by the end of the week, when I'll have still more.

However, after going over all I have and paying as close attention as I could - sometimes it was not easy - I can assure you that they had his name and the date absolutely correct. ...

I'm more satisfied than ever that Sprague will go - with a press conference and a pseudo glory blaze. Nothing new here from there but I thought you might be interested.

Best,
