

MEMORANDUM

SUBJECT: Testing of Equipment in U. S.

Testing of intelligence and espionage-peculiar equipment may be undertaken in the United States, but care will be taken that no recordings are made of U. S. citizens or otherwise conducted on unwitting subjects in the United States. If it is essential to test equipment on an American communications system or other establishment, this may be done provided that no recordings of the material are retained or examined by any element other than the original test engineers.
