From report by Katherine Ferguson on testimony before
"a Senate Subcommittee on Health headed by Edward
Kennedy:"

Another witness told the senators that in 1972
E. Howard Hunt and Gordon Liddy tried to get from him
LSD-type drugs. Dr. Edward Gunn [phonetic], a former
CIA doctor, refused to give them anything, and said he
had no idea why they wanted the drugs. Hunt and Liddy
were part of the White House plumbers unit involved in
dirty tricks. Both were convicted in 1973 for taking
part in the break-in at Democratic national
headquarters in Washington.
