Tells of Code

The district attorney said ber disguised. his office had deciphered a code which he said was used by Oswald and Shaw in writing memos. He said a coded telephone number-Ruby's unpublished telephone number in Dallas, Tex.—was in possession of both Oswald and Shaw.

The Warren Commission, which concluded that Oswald acted alone in the assassination, said it found no connection between Oswald and Ruby. Garrison said the code yielded a strong clue that both Shaw and Oswald had set up

Code in An Address Book Held Ruby-Oswald Link

NEW ORLEANS, May 12 (AP)-District Attorney Jim Garrison said today that the late Jack Ruby's unlisted telephone number appears in code in address books belonging to Lee Harvey Oswald and Clay L. Shaw.

Mr. Garrison told Criminal District Court his investigators broke a telephone number code used by both Oswald and Mr. Shaw, a retired New Orleans executive accused of conspiring to murder President Kennedy.

The District Attorney's statement runs counter to the War-ren Commission report, which ren Commission report, which found no indication of any link between Oswald and Ruby. Oswald was identified in the report as President Kennedy's assassin. Ruby shot and killed Oswald at the Dallas police station on Nov. 24, 1963, two days after the assassination.
