WASHINGTON (AP) - The Justice Department confeded Friday that the

FBI newer had investigated retired New Orleans businessman Clay Shaw in connectionwith the assassination of President John F. Kennedy.

 $T_{he}$  disclosure was made in a statement by a department spokesman who said it was issued at the request of Edward P. Wegmann, a lawyer for Shaw who is under indictment in  $^{\rm N}{\rm e}^{\rm W}$  Orleans on a charge of conspiring to assassinate Kennedy.

The statemen is an attempt to clear up apparent misunderstandings -- and a misstatement by the attorney genefal -- that occured last March 2 when Atty. Gen. Ransey Clark held and impromptu news conference.

Clark was quoted at the time as saying that Shaw was cleared of any involvement in the assassination by an FBI investigatin in the New Orleans area in  $N_0$ vember and December 1963.

The statement said  $C_{lark}$ 's comment was based on a briefing on the morning of March 2. It said "the Attorney General has since determined that this was erroneous. Nothing arose indicating a need to investigate  $M_{r*}$ .  $S_{haw*}$ ."

Shaw, 54, a decorated Wald War II Army major, currently is free on \$10,000 bond awaiting trial for which a date has not been set.

Shaw was arrested last March 1 by  $^{\rm N}{\rm ew}$  Orleans Dist. Atty. Jim Garrison, who said Shaw, the late David W. Ferrie and Lee Harvey Oswald conspired to assassinate the President.

The Warren Commission said "swald acted alone and it had found no evidence of a conspiracy. The Justice Department statement said the department "is convinced that Lee Harvey @Swald alone assassinated President Kennedy."

The department said also that the FBI investigation in New Orleans following the Knnedy assassination covered allegations by Dean A. Andrews Jr., which included a reference to Clay Bertrand. Andrews is a New Orleans attorney who once handled minor legal matters for Oswald. Andrews has been indicted for perjury.

The department said "Clay Bertrand was not identified am a real person. No evidence was found that Clay Shaw was ever called Clay Bertrand."

Garrison has said Bertrand and Shaw are ne and the same.

The FBI never was able to locate a Clay Bertrand.
