

JFK 'Plot' Figure to Sue and Sue

COLUMBUS (Ohio) — (UPI) — Gordon Novel said yesterday he will return to New Orleans and file about 100 libel suits against every

person who publicly supported District Attorney James Garrison, including Sen. Russell Long.

Novel said he will not fight

extradition to Louisiana. He plans to be in New Orleans July 7 or 8, he said.

The suits, Novel said, will be filed within a month.

"We intend to subpoena every person involved," the elusive witness in the Kennedy assassination probe said, and "this includes Sen. Russell Long."

The former bar operator was sought by Garrison as a witness into the alleged plot surrounding the Kennedy assassination. Repeatedly, Novel has termed the probe "a fraud."
