Garrison Accuses Warren of Trying To 'Dynamite' Case

NEW ORLEANS, Sept. 6 (AP) — District Attorney Jim Garrison has accused Chief Justice Earl Warren of trying to "dynamite" his investigation into the assassination of President Kennedy.

Justice Warren told newsmen in Tokyo Monday he had not seen a single fact—including data compiled by Mr. Garrison—to contradict the Warren Commission's report on the assassination.

Mr. Garrison contends that Clay L. Shaw, New Orleans businessman, conspired with Lee Harvey Oswald and others to murder President Kennedy. The Warren Commission decided that Oswald had acted alone.

"It is a little disconcerting," said Mr. Garrison, "to find the Chief Justice of the United States on his hands and knees

Special to The New York Times

COPENHAGEN, Denmark, Sept. 6—Hans Tabor, Danish Ambassador to the United Nations since 1964, was appointed Foreign Minister by Premier Jens Otto Krag today. He will take office Oct. 2, when he and the Premier return from the General Assembly meeting opening later this month.

The appointment of the 45-year-old diplomat is unusual in that he is not a member of the Folketing (Parliament).

Mr. Tabor, chairman of the Security Council during the Middle Eastern crisis in June, helped to obtain a cease-fire between Israel and the Arab states.

trying to tie some sticks of dynamite to the case."

Mr. Garrison said Justice Warren's comment showed that the "Establishment" of the United States was opening a count-

erattack to try to stop his inquiry.

"Of course, from their point of view it is necessary to discredit the investigation no matter what the cost," Mr. Garrison said. "They don't think we are wrong about the assassination—they know we are right."

Justice Warren told the Tokyo Foreign Correspondents Club that he had "absolutely no doubts" of the Warren Commission report's accuracy and scope.

Court Action Noted

TOKYO, Sept. 6 (UPI)—Aske during his visit here about the investigation being conducted by District Attorney Jim Garrison of New Orleans, Justice Warren said:

"I want to skirt this very carefully because the case could someday come before the Supreme Court."

But he added that "so far as Mr. Garrison's information to the public is concerned, I have seen absolutely nothing that would conflict with the report of the commission."

CRIME PANEL SEEKS JUDGE'S RESIGNATION

NEW ORLEANS, Sept. 6 (AP)—The Metropolitan Crime Commission recommended today that Judge Malcolm V. O'Hara of Orleans Criminal District Court resign immediately.

Judge O'Hara testified in Federal Court in Chicago that he had been a friend and traveling companion of Zachary A. Strate Jr., New Orleans builder who was convicted of fraud and conspiracy with James R. Hoffa, Teamster Union president.

The crime commission, a private organization financed by a group of businessmen, said Judge O'Hara's testimony "renders him unfit to continue serving in the critically important duties of a judge."

A statement signed by Aaron M. Kohn, managing director of the commission, said the commission wrote Judge O'Hara a week ago asking that he resign immediately.

The commission had asked Federal Court in Chicago for a transcript of Judge O'Hara's testimony in a case in which Hoffa's counsel made an unsuccessful attempt to have one of Hoffa's convictions set aside. The court rejected Hoffa's plea
