

Call Widow Of Assassin

Garrison Probing Kennedy's Death

NEW ORLEANS (AP) — The widow of Lee Harvey Oswald was subpoenaed for grand jury testimony today by Dist. Atty. Jim Garrison, who doubts Warren Commission findings that Oswald alone assassinated President John F. Kennedy.

Garrison's office issued the subpoena for Marina Oswald Porter, now of Richardson, Tex., a Dallas suburb, to appear here Feb. 8-9 as part of Garrison's controversial probe into the assassination. Asst. Dist. Atty. James L. Alcock said investigators want to ask her what she knew about Oswald's activities in New Orleans during the summer of 1963.

Kennedy was killed Nov. 22, 1963, in Dallas, Tex. Oswald was shot to death during a jail transfer two days later by Jack Ruby, who has since died from cancer.

Mrs. Porter, who later married Kenneth Jess Porter, lived here with Oswald during the summer preceding the assassination. It was during this summer, Garrison maintains, that Oswald and others conspired to murder Kennedy.

Garrison contends the plot led to the murder by a team of anti-Castro guerrilla fighters.

Contacted by telephone Mrs. Porter said, "It is a surprise to me."

Asked if she could contribute anything to Garrison's investigation, she replied, "No, I don't believe so." Asked whether she planned to go to New Orleans, she said, "No, but I may have to."

The subpoena for Mrs. Porter guarantees her immunity from prosecution.
