

Carlos Bringuier Wins Libel Suit

Carlos Bringuier today won a \$5,000 libel award against publishers of a book about the assassination of President Kennedy written by Harold Weisberg.

Civil District Court Judge David Gertler held Canyon Books and Distributing Co., New York, responsible in the suit based on "Oswald in New Orleans," which Bringuier said libeled him.

Bringuier maintained that Weisberg incorrectly linked him with accused presidential assassination Lee Harvey Oswald.
