Garrison Asks Curb On Papers Printing Affidavit on Bribes

Special to The New York Times

NEW ORLEANS, July 5 —District Attorney Jim Garrison will go into Federal Court tomorrow to try to stop two New Orleans newspapers from publishing contents of an affidavit in which Mr. Garrison and nine other persons are charged with taking bribes to protect pinball machine operators.

Two of the nine others are Capt. Frederick A. Soule Sr., 51 years old, a member of the New

Orleans Police Department assigned as an investigator on Mr. Garrison's staff, and Sgt. Robert H. Frey, 38, commander of the police department's vice squad. Both policemen have since been suspended.

Mr. Garrison, who unsuccessfully prosecuted businessman Clay L. Shaw on a charge of conspiring to kill President Kennedy in 1969, charges that publication of the affidavit will be detrimental to the defendants' cases because it contains material that he says is "extremely prejudicial" to them. Mr. Garrison said that if the cases went to trial, jurors selected to hear the cases might be prejudiced by the material. Federal District Judge Her-

bert W. Christenberry yesterday denied a petition to halt temporarily The Times-Picayune and The New Orleans States-Item from publishing the affidavit. The two newspapers are printing daily installments from the affidavit.

Judge Christenberry scheduled a hearing for tomorrow and said the papers could continue publishing the material until he issues a permanent ruling.

The affidavit gives details concerning information that led to the arrest of the 10 men. The others charged are New Orleans officials of various coin machine companies.

The 10 men were charged Wednesday in Federal Court

with violations of the Organized Crime Control Act of 1970. United States Magistrate Ingard O. Johannesen has set a preliminary hearing for Friday at 10 A.M., and the defendants are free on personal recognizance bonds.

United States Attorney Gerald J. Gallinghouse here said that more arrests would be made in the case.
