Domino Idea Valid

HAMBURG, W. Germany, April 28 (AP)—Gen. William C. Westmoreland, former U.S. commander in Vietnam, was quoted in an interview published here today as saying he believed that the domino theory was still valid for Southeast Asia.

"Of course, the dominoes will not fall with regularity and not all at once," Westmoreland told the West German news magazine Der Spiegel. "But what happens in one country will have repercussions—political, social or psychological—in other countries of this area."
