In an article describing hearings on automobile air bags that appeared yesterday in The New York Times, it was reported erroneously that Dr. William Haddon Jr., former head of the National Highway Traffic Safety Administration, opposed air bags. Dr. Haddon is a leading proponent of the devices.

A photograph that appeared in The Times yesterday with a Washington dispatch concerning a Hanoi official in Saigon was not of Pham Hung, the subject of the dispatch, but of Lucien Pham Ngoc Hung, a member of the advisory council of the Provisional Revolutionary Government.
