

87 More U.S. Planes Will Leave Thailand

Bangkok JUN 19 1975

The Thai command said yesterday that the United States will withdraw 87 more combat planes, including 42 F-4 Phantom jets, from Thailand by the end of the month. The U.S. headquarters once responsible for conduct of the Indochina war will be dismantled, it said.

The announcement of the latest American withdrawals was made as part of the continuing phaseout of U.S. forces here.
