BANGKOK, June 21 (UPI) — The last 16 F-111 fighter bombers left for the United States today as part of the continuing withdrawal of U.S. forces from Thailand, a U.S. military spokesman announced.

Ten F-4 Phantoms will leave Sunday, he said, bringing the number of U.S. military aircraft in Thailand to about 300. All are to be removed by next March. The total was once about 700.
