Nudists Will Assist Vietnamese Refugees

GLEN GARDNER, N.J., Sept. 26—Two nudist-camp operators said today their application to sponsor two Vietnamese refugees, first rejected by the U.S. Catholic Conference, soon will be completed with another agency.

"We're all very happy," exclaimed Lucille Hansen. "We're going to pick up the new boys Saturday morning at the Indiantown Gap refugee center in Pennsylvania."

Mrs. Hansen and her husband, Earl, operators of the Circle-H Ranch here, sponsored two refugees this summer through the USCC, listing their place of residence as a "naturalist resort."

"I didn't feel we had anything to hide," Mrs. Hansen said.

The application was approved by the USCC, and the two refugees, Binh Van Tran, 27, and Hoang Van

Nguyen, 24, former sailors in the South Vietnamese navy, arrived in July. The arrangement worked so well the Hansens applied last month for two more refugees.

The second application, however, was rejected by a priest at Indiantown Gap who told the Hansens a "naturalist resort" was an improper environment for refugees.

But Mrs. Hansen said she received word Friday that the American Fund for Czechoslovak Refugees, one of the nine sponsoring agencies at Indiantown Gap, had approved their application.

"We received a call from Pat Edwards, a field worker for AFCR, who said everything was set," Mrs. Hansen declared.

Earlier Friday, a spokesman for the AFCR confirmed that the Hansens' application was being processed.
