

**Delayed Issue of Scanlan's
Is on Sale at Stands in City**

Distribution of a controversial and long-delayed issue of Scanlan's Monthly began yesterday in the city, according to Sidney E. Zion, an editor of the magazine.

The issue, devoted to "Guerrilla War in the U.S.A.," had been scheduled for publication last October, but it was delayed by a series of events, including the refusal of a num-

ber of lithographers in the United States to handle it.

Subsequently it was printed in Canada, seized by the police and ordered released by a judge. Some copies were also seized and released by United States customs agents.

Mr. Zion said yesterday that 10,000 copies were being distributed to newsstands here and added that subscribers would be receiving their copies shortly. He said distribution nationally was also scheduled to begin soon.
