

# AN APPEAL FROM SENATOR VANCE HARTKE STOP THE WAR NOW!

*United States Senate*  
WASHINGTON, D.C.

Dear Friends:

The highest priority on our national agenda is ending American participation in the Indochina war. Senate Resolution 66, which I had the honor to introduce on March 4, 1971, calls for immediate—repeat, immediate—withdrawal of all our forces from Indochina and an end to all combat operations from whatever place launched.

But that Resolution will be adopted—and, more importantly, the policy shift which it symbolizes will be effected—only with the massive support of the American people. Only the people can make it finally and unequivocally clear to their government that this slaughter of the innocent, this wastage of our treasure, this perversion of our ideals has gone on too long and must stop.

That is what the April 24th rallies in Washington and San Francisco can show beyond any possibility of doubt or question. The American people, peacefully and massively assembled, can at last prove that the Peace Movement is truly national—and that the nation is truly determined to end the war now.

I wholeheartedly urge every American to march on April 24th and I will do all I can to help it succeed.

Sincerely,

*Vance Hartke*

Vance Hartke  
United States Senator  
Indiana

# MARCH ON WASHINGTON APRIL 24 BRING ALL THE GI'S HOME NOW! END THE DRAFT NOW!

## FUNDS URGENTLY NEEDED

A massive and peaceful demonstration on April 24 may be critical to the well-being of the people of this country and the world. The terrible expansion of the war threatens us all. For the first time, trade unionists, students, women, Black and Brown people, city and suburban residents and G.I.'s can combine their strength and numbers in opposition to the war. The organization of such a massive outpouring requires equally massive financial resources. Advertisements, literature, radio and TV time, buttons, sound systems and the organization of thousands of marchers depend on the contributions of those who oppose the war. Please contribute what you can.

### ENDORSERS OF APRIL 24

(partial list) Organizations listed for identification purposes only.
