We've got a real one: U.S. out of Southeast Asia now!

Americans. Native

Join us on Moratorium Day, October 13. March with us on Peace Action Day, November 6.

You don't wind down a war by increasing the bombing to the equivalent of 2½ Hiroshimas a week. You don't wind down a war by ramming through the draft for two more years. You don't wind down a war by raising the Pentagon budget to a new high of \$80 billion.

The war isn't winding down. Nixon knows it. You know it. But you've got to tell him you know it. Let him know you want out now!

On Moratorium Day, October 13, join a campus or community activity in the New York area.

And, everybody come to the labor-sponsored rally in Manhattan's Garment Center, climaxing the day's events.
