## OF LT.T. LOBBYIS REPORTED BY NUNI

Anderson Allegation of Deal at Derby Party Denied by Kentucky Ex-Governor

By FRED P. GRAHAM Special to The New York Times WASHINGTON, March 7 Former Gov. Louie B. Nunn of Kentucky testified today that former Attorney General John N. Mitchell refused to discuss the International Telephone and Telegraph Corporation's anti-

trust problems with Dita D.

Beard, a lobbyist, at a Kentucky Derby party.

Appearing before the Senate Judiciary Committee, Mr. Nunn made a point-by-point denial of most of the allegations made by Jack Anderson, the syndicated columnist, about the incident at the Governor's mansion last May.

Mr. Nunn, a Republica denied al?legations published by the columinst last week that Mrs. Beard and Mr. Mitchell had an hour-long talk, that Mr. Mitchell agreed in general to I.T.T.'s terms for settlement of the antitrust cases or that Mr. Nunn was privy to any arrangement.

'No Wrongdoing'

He said Mr. Mitchell was never out of his presence during the evening, and "I heard no offer of no wrongdoing there on that occasion."

His testimony came at the end of the fourth day of hearings into allegations that the Justice Department settled three antitrust suits against the corporation in exchange for financial support by an I.T.T. subsidiary company for the 1972 Republican National Convention in San Diego.

Other testimony today produced these developments:

**Tederal District Judge Rich**ard W. McLaren, who was chief of the Justice Department's antitrust division at the time of the settlement, conceded that he had worked through Peter M. Flanigan, a White House aide, to obtain an analyst to prepare an "independent analysis" of I.T.T.'s settlement offer. Correcting his earlier testimony that he had not discussed the I.T.T. cases with Mr. Flanigan, Judge McLaren said he now believed he used Mr. Flanigan "simply as a conduit" to ask Richard J. Ramsden, a 34-year-old New York investment banker, to make the study, which later played a key part in persuading the Government to settle the cases.
