

# Dita to Leave Hospital Tuesday

Denver, Colo.

Dita Beard, the International Telephone and Telegraph Corp. lobbyist who has figured in a Senate investigation of the Justice Department's handling of an ITT antitrust case, will be released from a hospital here on Tuesday, her physician said yesterday.

But the 53-year-old woman will remain in the Denver area and under surveillance for her heart ailment for three or four weeks.

She will return to Rocky Mountain Osteopathic Hospital several times a week for checkups, said Dr. L.M. Radetsky.
