

***Cambodia Extends
Friendship to Thais***

BANGKOK, May 15 (UPI) — Cambodia's Communist Government offered friendship to neighboring Thailand today and denied reports that it demanded that the border be pushed a half mile deeper into Thai territory.

"Cambodia and her people wish that the two neighboring countries, Cambodia and Thailand, live peacefully within the limits of their own territory as neighbors forever," the Cambodian Information Ministry said in a statement broadcast over Phnom Penh Radio and monitored in Bangkok.
