

France Backs Hanoi's Demand on Talks

by Henry Giniger

Paris, April 12 - France today backed Vietnamese Communist demands for the resumption of the peace talks here.

U.S. Criticizes France

Special to The New York Times

Washington, April 12 - The State Department today called in a senior French diplomat to express its official displeasure over France's call for an immediate resumption of the Paris talks.

U.S. Blasts Paris on Talks

Washington - In midmorning the State Department had described the French request as an even handed move to get all parties back to the conference table.

.... But within two hours, the department had changed its view and criticized the French.
