

From account by Tom Donnelly, WXPost, of intv of Edward and Tricia Cox ~~in~~ published in Apr issue of Ladies' Home Journal:

"The Coxes say they believe the President when he tells them he neither planned nor took part in the Watergate cover-up because he has never told a lie, 'not even a white lie.'

.....

"Tricia seems to believe that the people who are spreading rumors about the Coxes and the people who ~~ax~~ want to impeach her father are members of the same gang. Their motivation? 'These people want to be rid once and for all of Richard Nixon, to satisfy their own jealousy of a man who by his accomplishments reminded them of their own ineptitude and failure.'"
