

Notes on People

The appearance of Mrs. Richard M. Nixon on the cover and six pages of high-fashion photographs in the current issue of Ladies' Home Journal made her husband immensely proud of her. At a recent Cabinet dinner, attended by Mrs. Nixon and the Cabinet wives, Mr. Nixon got up and said: "I hope you've all read the article about Pat in the Ladies' Home Journal, to see why, in a few years, you'll be hearing people say 'How can that old man be married to such a vivacious, beautiful young woman?'"
