The new political  
bombshell by the author  
of **THE KING MAKERS**

(called by Murray Kempton "the best book on  
American politics I have ever read.")

# THE RUNNING OF RICHARD NIXON

by Leonard Lurie

"Skillful, witty, readable,  
often brilliant."—*New York  
Times Book Review*

"A fast,  
knowledgeable  
prose-portrait of  
Nixon the political  
animal that exposes  
him in Lurie's view in  
terms of power-lust  
and brash oppor-  
tunism... a picture of  
'Tricky Dick' with a  
vengeance."

—*Publishers Weekly*

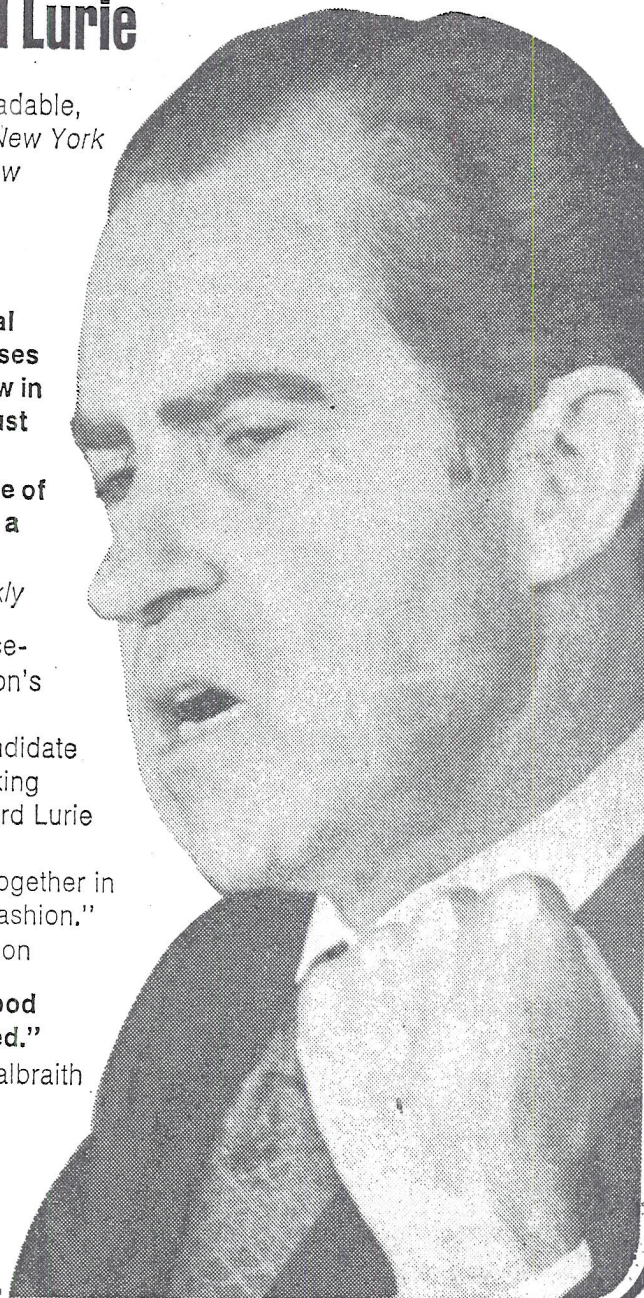

"A factual and force-  
ful account of Nixon's  
rise from a young  
Congressional candidate  
to a President seeking  
re-election. Leonard Lurie  
has put the whole  
fascinating story together in  
a lively, readable fashion."

—William V. Shannon

"Never was so good  
a book better timed."

—John Kenneth Galbraith
