

Nixon's Minister* Talks About Sin

Says It Can Be Glossed Over or Cleaned Out -
President and Family Hear Sermon

by John Herbers

Key Biscayne, Fla., April 22 - President Nixon went to church this Easter Sunday and heard a sermon about sin and redemption, about the need to break of old friendships and make a "clean, complete transformation."

.....

After the President, with his family, had walked out of the church, waving and smiling, Mr. Huffman was asked if his sermon had any connection with the Watergate scandals that have been breaking around the President in the last few days.

"I preach the Gospel of Jesus Christ," he replied. "I speak clearly. You can draw any implication you want to. Whatever the President wishes to make of it was between him and the Lord."

.....

*Rev. John A. Huffman Jr.
