**That Missing****Nixon Plaque  
Is Recovered****Riverside**

The President's plaque is back.

Police, acting on a tip, said they went to an isolated area in the Jarupa hills three miles west of the city Monday, and found there the plaque that was stolen March 11 from a wall of the historic Mission Inn.

The plaque commemorates the marriage, in the inn's courtyard, on June 21, 1940, of a young lawyer, Richard Milhouse Nixon, to a school teacher, Thelma Catherine (Pat) Ryan.
