

\$125,000 Plan to Buy Nixon's Birthplace

Santa Ana

A local foundation is planning to buy former President Richard Nixon's birthplace for \$125,000 and wants to preserve it as a historical site.

The small wooden frame home is owned by the Yorba Linda School District, according to Elton Patridge, deputy district superintendent. It sits on a 1.3-acre lot valued at more than \$100,000.

The sale of the home to the Nixon Birthplace Foundation was officially approved Tuesday by the Orange county Board of Supervisors.
