

'No Secret Deals on Indochina'

Saigon - (UPI) - Special U.S. Envoy Marshall Green told President Nguyen Van Thieu today that President Nixon held no secret meetings with North Vietnam and made no secret deals on Indochina during his Peking visit.

..... A Foreign Office communique said Green gave Thieu a personal letter from Nixon and then reported to him on the visit and the joint U.S.-China communique issued afterward.

"Ambassador Green affirmed that during the visit President Nixon did not hold any secret meeting with North Vietnam in any form or through any person," that communique said.
